However, a typical and ideal program is as above – receiving Quadruple Grades (major process of each Grade) and receiving Expanded Grades after Expanded Dianetics, then moving on up through the rest of the Grades to Clear and OT. But Expanded Grades may be done after New Era Dianetics Drug Rundown or New Era Dianetics Case Completion. If they are not done after Quadruple Grades per the ideal program they can be done after Power Processes but before Solo, and after OT III, IV, V, VI or VII.</p> <p>Expanded Dianetics can also be received before the Scientology Grades after New Era Dianetics Case Completion.</p>						

This chart describes the route to human recovery and expansion of one's ability and power as a spiritual being. The field of human recovery belongs to Dianetics. Above this is Scientology, which brings an individual to higher states of being and ability.

Now, starting with the first introductory level (bottom line at left) read across the columns and find out what is accomplished, where it can be obtained and why it is important. Note that the introductory levels are not prerequisites, but are there to help one begin and become familiar with fundamentals. Continue reading the chart by moving up one level, and reading across the columns, and moving up to the next and across the column.
